US-PAT-NO: 6151707

DOCUMENT-IDENTIFIER: US 6151707 A

TITLE: System and method for product
registration

----- KWIC -----

wherein the memory comprises usage statistics related to
the software
program.

US-PAT-NO: 6044350

DOCUMENT-IDENTIFIER: US 6044350 A

TITLE: Certificate meter with selectable
indemnification provisions

----- KWIC -----

Finally, the certificate meter subsystem 218 can be programmed to store SMPKC usage information in memory 226. The usage information is used to automatically determine discounts based on predetermined usage thresholds. Thus, when a discount is warranted based on the counted number of SMPKC generated, the accounting circuitry can account for such discounted service charge.
